PRESS RELEASE

MINERAL WALL PANELS BY 3DWALLDECOR

Mineral wall panels by 3DWallddecor

Experience our brand-new 2014 collection of rock-hard dimensional wall panels

Versatile eye-catchers

These easy-to-install tiles have a seamless surface with a perfect automatic pattern repeat, and can be painted in any colour. Relatively light weight due to hollow backside composition and still very strong due to glass fiber reinforcement.

3DWallddecor pure white mineral wall panels are designed in The Netherlands and manufactured in France to be a green, durable, fire-safe and modern high-end interior product.

Safe and durable

3DWallddecor mineral composite panels are not only impact-proof but also fully fire resistant (A1 level) with no smoke development and zero flame spread rating. These panels will not expand, shrink or yellow over time. Next to that these panels have an excellent (A+) level of VOC emissions.
